

TGR LEARNING LAB 2021 SPRING VIRTUAL CLASSES

March 29 – May 6
Registration Deadline: March 12, 2021

At the TGR Learning Lab, we are focused on opening your mind to potential careers and college majors available to you. Instructors at the TGR Learning Lab Anaheim site will be offering FREE virtual after-school classes for students across the nation. These classes will be offered to students in grades 6-12. We ask that by registering, you understand this is a six-week (two days per week) commitment to yourself and your future. Your next step is to select the course(s) which are located on page 2 you would like to participate in and register using the Eventbrite link listed.

We will be offering six-week long classes on either Monday/Wednesday or Tuesday/Thursday. These classes will be offered 5:00 pm – 6:00 pm EST and the golf classes from 6:30 pm – 7:30 pm EST. Please note these times reflect east coast time zone. Students can only participate in one class per set of days.

Technology Requirements:

To participate in virtual Spring classes, each registered student will need a computer or device with internet connection. The Zoom video conferencing platform will be used to conduct the class, so this software needs to be downloaded prior to the class. It is also highly recommended that students have a webcam and microphone so that s/he can be active participants in the class. Some classes may require a tablet/cell phone to participate in certain activities.

Once a student has registered, a separate email will be sent with safety and security guidelines to review as well as Zoom access information a week before the class begins.

If you have any questions or concerns, please email Gyla Bell at gbell@tgrfoundation.org.

We hope to see you virtually this spring!

Spring 2021 Program Calendar

Term	Registration Deadline	Program Start Date	Program End Date
Spring Session	March 12, 2021	March 29, 2021	May 6, 2021

TGR LEARNING LAB 2021 SPRING VIRTUAL CLASSES

Six-week classes (Mondays/Wednesdays or Tuesdays/Thursdays)

Registration Link: <https://tgrllspringeastcoast.eventbrite.com>

Technology for Good: Artificial Intelligence to Help the World

From personal robotic assistants to self-driving cars, artificial intelligence continues to grow at a fast pace. Students in this course will learn how Artificial Intelligence works, discuss ethics on developing this technology and research ideas on how to use this technology to assist humanity.

Technology Requirements:

1. Laptop/computer with internet access (webcam highly suggested) and microphone to record one's own voice
2. Mobile photo-taking device (cell phone or tablet) with internet access

Class Schedule:

Mondays/Wednesdays

- 5:00 pm – 6:00 pm EST

Human Body Lab: Exploring Biomedical Careers

Are you interested in applying your passion for science to improve people's health and well-being? From participating in live-streamed dissections to designing prototypes of protective eyewear and face masks, we will explore the anatomy of the human body, the cause and spread of diseases and the variety of careers in health care. You will walk away with a better understanding of how you can help yourself and others live a healthy life.

Technology Requirements:

1. Laptop/computer with internet access (webcam and microphone highly suggested)

Class Schedule:

Tuesdays/Thursdays

- 5:00 pm – 6:00 pm EST

Virtual Golf Classes (6:30 pm – 7:30 pm EST)

Complete Golf Game Improvement

The Complete Golf Game Improvement virtual class will prepare you for high level golf whether for competitive or recreational play. Discover contemporary bio-mechanic golf fundamentals, explore practice drills, strategies and techniques used by today's top golfers and develop a practice regimen for a pathway to competitive golf.

Technology Requirements:

1. Laptop/computer with internet access (webcam and microphone highly suggested)

Class Schedule:

Mondays/Wednesdays

- 6:30 pm – 7:30 pm EST

Golfology

Learn up-to-date golf fundamentals that can be applied to your game! Explore practice methods, basic ball flight laws and on-course strategies and techniques. This class can prepare you for high-level performance either for recreational or competitive play.

Technology Requirements:

1. Laptop/computer with internet access (webcam and microphone highly suggested)

Class Schedule:

Tuesdays/Thursdays

- 6:30 pm – 7:30 pm EST
