

JOB TITLE: Instructor, TGR Learning Lab Philadelphia

LOCATION: Philadelphia, PA

STATUS: Full Time

SALARY: \$50,000 - \$75,000 plus a comprehensive benefit package

TGR FOUNDATION

For more than 25 years, TGR Foundation has worked to create a world where opportunity is universal and potential is limitless. With an unwavering commitment to positively impact youth from under-resourced communities, our mission is to empower students to pursue their passions through education. TGR Foundation helps students learn, grow and prepare for their futures through a network of TGR Learning Labs and national programs focused on STEAM educational enrichment, health, well-being, college access and career readiness. For more information visit TGRFoundation.org.

OVERVIEW

We are seeking a dynamic and passionate Science, Technology, Engineering, Arts, and Math (STEAM) based instructor to join our team at TGR Learning Lab in Philadelphia to deliver on-site, remote (in partner schools), and summer satellite STEAM-based programming. The instructor is responsible for delivering high quality STEAM-based lessons to 5th-12th grade students at the TGR Learning Lab Philadelphia (currently in construction), through mobile learning at local community partner schools and through a summer satellite programming site. The instructor will implement lessons, collect relevant data and develop and maintain excellent relationships with students, co-workers, volunteers, school personnel and the general public in service of delivering high quality STEAM based educational programming.

ESSENTIAL DUTIES & RESPONSIBILITIES

Curriculum:

- Work with the Director of Programs and the TGR Foundation national team to deliver STEAM curriculum at the TGR Learning Lab and in partner schools.
- Deliver innovative, project-based lessons that cater to diverse learning styles and abilities that are inquiry based and foster curiosity, creativity, and love of learning.
- Integrate hands-on activities, experiments and real-world applications into lessons to enhance students' understanding of STEAM.

Assessment and Feedback:

- Implement formative and summative assessments to gauge student progress.
- Collect data which includes attendance and administration of daily exit surveys.
- Prepare reports & presentations showcasing the impact and outcomes of the program that demonstrate student growth.

Collaboration & Skills:

- Collaborate with other instructors, educational partners, and community organizations to enhance the overall learning experience.
- Interact effectively with co-workers, partner school personnel, volunteers, and the

general public.

- Participate in professional development opportunities to stay updated on STEAM education trends and best practices.
- Identify unique student needs and recommend improvements and opportunities.
- Participate in classroom observations for reflection and growth;
- Assist in the recruitment of students when possible;
- Serve as a mentor and role model for students, promoting a growth mindset and a passion for lifelong learning.
- Be a self-starter with strong organizational skills and an excellent communicator both verbally and in writing.

Budget:

- Create class-specific supply lists which include a class budget
- Organize instructional supplies/resources for classes

EDUCATION & EXPERIENCE

- Past involvement in educational programs for youth and experience in science, technology, engineering, math or the arts.
- Content knowledge and/or experience in Science, Technology, Engineering, Arts, and Math preferred.
- Familiarity with educational technology, knowledge of diverse student needs and different learning styles is essential; Ability to integrate technology creatively into lessons and activities.
- Work flexible hours and locations, Monday-Friday including evenings, year-round and occasional weekends.
- Bachelor's degree or an equivalent combination of skills, training and experience;
- Travel is required as is a valid driver's license and/or a means of reliable transportation.
- Support the TGR Foundation mission, vision, and core values.
