

TGR LEARNING LAB FALL 1 2017 MEMBER APPLICATION

August 28 – October 12
Application Deadline: **August 18, 2017**

Dear Prospective TGR Learning Lab Member,

This is your application to receive a scholarship to attend the TGR Learning Lab's seven-week Expanded Learning Program. There is a one-time \$5 fee for an identification card once accepted.

There are three steps in the application process. Please follow all directions and use the checklist below as you complete each step:

- Step 1: Select your course(s) and write a Personal Statement
- Step 2: Complete the Registration Form
- Step 3: Attach a copy of your most recent Report Card (quarter or semester)

Unfortunately, we do not have enough space to take every applicant. Therefore, it is very important that each section of this application be filled out neatly and completely. Incomplete applications will not be accepted. Please return the completed application to your school's designated location or mail to:

TGR Learning Lab
One Tiger Woods Way
Anaheim, CA 92801

Thank you. We hope to see you at the TGR Learning Lab.

TGR LEARNING LAB MEMBER BENEFITS

ACADEMIC SUPPORT

TGR Learning Lab Members have an opportunity to receive academic support in a core subject as well as college preparation support from TGR Learning Lab staff.

Hours

Monday – Thursday
2:30 – 6:00 p.m.

GOLF PROGRAM

TGR Learning Lab grounds include a 10-acre driving range and 18-hole putting course. Members have access to the driving range and can purchase balls for \$1 per bucket.

Hours

Monday – Thursday 2:30 – 6:00 p.m.	Friday 2:30 – 4:00 p.m.
Saturday 9:00 a.m. – 4:00 p.m.	

GRADES 7-12

Monday/Wednesday

Communication with Digital Media

From movies to the internet, digital media is all around us. Images and videos allow you to manipulate the world around you. You will learn how to create videos, add special effects and edit graphics with different digital media software.

Communities of Tomorrow

What kind of city do you want to live in, and what can be done better in your city? Communities of Tomorrow gives you a chance to dream about your future cities. You and your teammates are in charge of coming up with ideas and making them happen. Design your city by building models, developing a project plan, designing your virtual city, researching and presenting your ideas.

Power of Chemistry

We are constantly surrounded by solids, liquids and gases that chemically react on earth, in our homes and in our bodies. Experiment with common chemicals to create something new, slimy and yummy. Come see, hear and taste the science of chemistry.

Under Par Golf

Develop shot-making ability around the greens that are necessary to shoot low scores. Creativity and imagination are a MUST! Practice fundamentals of putting, chipping, pitching and sand play. Learn how to read, it, roll it and hole it! This class is perfect for competitive golfers who play tournaments and/or high school golf matches.

Wearable Electronics

Are you ready to explore the world of engineering and design? Fashion is all around us and is something that we live in. What if you could design the next big thing in wearable electronics? What is "tinkering" and how does it relate to engineering and design? Participate in hands-on activities that allow you to explore tools and materials, take things apart and build unique, one-of-a-kind art that's part science and part technology.

GRADES 7-12

Tuesday/Thursday

Intro to Hip Hop

Open to students at all levels, this class will help you discover your own hip hop "swagger" and refine your skills as a dancer. Perform a dance routine with other students and learn how to create your own choreography.

Smooth Swings

Do you want to hit the golf ball straighter and farther? Take this Smooth Swings class to learn the fundamentals of effortless power and dynamic balance. You will practice the basics of the full-swing, applying concepts and techniques of some of the greatest ball-strikers in the game. Learn how to develop a repetitive and consistent smooth swing.

Universal Science

Science is all around us. Discover physical and life sciences in a fun, interactive environment. Catch bugs, classify and dissect organisms, make your own ice cream, play with dry ice and get your hands dirty with silly putty. You'll never look at science the same way again.

GRADES 7-12

Monday/Wednesday or Tuesday/Thursday

Video Game Design

Ever wondered how the games you play are created? Travel through the world of video game design and create your very own 2D video game using Clickteam Fusion 2.5. Whether you are designing levels or developing sprite animations for your characters, you'll become familiar with the many unique elements in creating an exciting game. Explore several different careers in video game design and bring your creative ideas into the gaming arena!

GRADES 9-12
Tuesday/Thursday

Biotechnology

Have you ever tried to physically read someone by their facial expression or behavior? Here's your chance to dive deeper into the human genome to read and examine the DNA library! Study the animal cell and different types of diseases, solve a crime through DNA fingerprinting and analyze your own genome by sequencing your DNA! You'll walk out of here speaking a whole new scientific language.

GRADE 11
Tuesday or Thursday

College Bound

Why College? Is college approaching? If you are a junior in high school, college is most likely a word you are hearing often, so start your college success path here and learn what you need to get prepared for applying to the schools of your dreams. Learn how to fine-tune your academic resume, apply for financial aid and scholarships, write a personal statement and so much more to make the college application process fearless and stress free.

**This class runs once a week for students in their junior year only!

Application

At the TGR Learning Lab we are focused on opening your mind to potential careers and college majors available to you. We ask that by applying, you understand this is a seven-week commitment to yourself and your future. Your next step is to select the courses you would like to participate in. While we cannot accommodate all requests, we will do our best to place you in one of your top choices. After selecting your courses, **please write a personal statement below about why you would like to attend the TGR Learning Lab.** The Expanded Learning Program runs Monday - Thursday from 2:30 p.m. - 6:00 p.m. Courses begin at 4:00 p.m. and end at 6:00 p.m. Parents will need to pick up their child from the TGR Learning Lab no later than 6:00 p.m. ***Please note that incomplete applications will not be accepted.**

Please indicate your top 5 course selections: (place a 1 - 5 on the line)
