WE ARE
CHAMPIONS
FOR **YOUTH**

CHAMPIONS FOR YOUTH

At TGR Foundation we believe everyone can be a champion. This report highlights the impact we made in 2022 with support from our community. Together we are champions for youth!

THE RELAUNCH

After an extensive renovation to the flagship TGR Learning Lab in Anaheim, CA, we celebrated the relaunch of our campus and programs featuring:

- Inspiring learning spaces
- Innovative technology
- Impactful career connections

PROGRAM IMPACT

Together we reached students across Southern California and beyond through STEM exploration, college access, career readiness and educator professional development programs.

A MESSAGE FROM OUR FOUNDER

When I was a kid my parents taught me the importance of sharing and caring and made it simple: try to make an impact in one person's life every day. With your support of TGR Foundation, we are doing just that, making a meaningful impact on the lives of youth one day at a time.

I am proud of all we accomplished together with the relaunch in 2022, and I'm excited for our new projects that will help even more students achieve their dreams. Thank you for being a champion for youth.

CHAMPIONS FOR INSPIRING LEARNING SPACES

When the flagship TGR Learning Lab in Anaheim opened its doors in 2006, Tiger's vision for "a safe space for students to learn, grow and chase after their dreams" came to life.

More than 16 years later, the reimagined space expanded that vision while advancing our programs and partnerships to prepare students for future career paths. The return to in-person programming at the renovated Learning Lab was a pivotal moment that led to meaningful impact for our students.

31 classes and workshops were offered to 5th-12th grade students featuring unique hands-on learning experiences related to modern and future careers including:

- Cybersecurity
- Podcasting
- Computer science
- Biotechnology
- Drone technology
- Artificial intelligence

COMMUNITY FEST

On Saturday, October 22, 2022, we welcomed our community to celebrate the relaunch of the Learning Lab, providing students, families and educators the opportunity to experience our education programs and receive resources from our partners.

CHAMPIONS FOR YOUTH TO DISCOVER THEIR PASSIONS

Through TGR Foundation programs, students are empowered to discover their passions, deepen their knowledge and make classroom-to-career connections while gaining tangible skills and experiences.

SCHOOL DAY PROGRAMMING

At the start of the 2022-2023 academic year, our Day Program served **1,826 5th-grade students** in **six school districts** across Southern California.

AFTER SCHOOL PROGRAMMING

646 students participated in 15 after-school STEM courses and academic support throughout the 2022 calendar year.

7th – 12th grade **explored career paths through the launch of classes** including biotechnology, multimedia and chemistry.

DIGITAL PROGRAMMING

333K students were reached through free resources and activities for self-directed learning on our digital platform.

We also collaborated with partners to expand access to career exploration and skills development opportunities including boot camps, workshops and professional development programs for educators.

88%

OF STUDENTS

participating in STEM courses identify as multi-racial or people of color

40%

OF STUDENTS

participating were female

STUDENT SPOTLIGHT

JASON OLEA

7TH GRADE TGR LEARNING LAB STUDENT

Through after-school classes at the TGR Learning Lab Jason explored various technology career paths including game design, robotics, computer science and multimedia. He also completed a boot camp provided in partnership with Gen.G.

“I decided to participate in the experience because I love video games and see a career in tech. I got to see and hear from people who are doing what I want to do. I also really like technology so the other classes here like Raspberry Pi and Robotics are really fun to learn.”

Through our programs and partnerships, students like Jason are gaining tangible skills, experiences and portfolio samples to pursue their passions and potential careers.

CHAMPIONS FOR YOUTH TO REACH HIGHER

Through our college and career readiness programs, we supported more than 1,900+ students, families and educators on their paths to and through higher education.

COLLEGE & CAREER READINESS

1,972 students, families and educators

participated in workshops to navigate higher education processes and gain support securing admissions and financial aid.

In 2022, we expanded to include dedicated workshops aimed at career preparation for high school students.

EARL WOODS SCHOLAR PROGRAM

We continued to support high school and college students on their path to earning post-secondary degrees and beginning their professional careers.

STUDENT SPOTLIGHT

ALVARO URIBE

EARL WOODS SCHOLAR CLASS OF 2026

With support from the Earl Woods Scholar Program, Alvaro Uribe is on the path to becoming a first-generation college graduate while pursuing his dreams of becoming a cardiothoracic surgeon at Brown University.

“The Earl Woods Scholar Program provides an unmatched individualistic and personalized support system wherein I have mentors and advisors that I can turn to at any time. It is set up to help me achieve success.

After my years of performing cardiothoracic surgery, my goal is to open my own hospital, clinic or medical foundation with a focus on providing equitable health care and pro bono operations to low-income/first-generation families.”

Alvaro is among more than 200 current scholars and alumni who are pursuing their dreams with plans to impact their community through their professional endeavors.

CHAMPIONS FOR ENHANCED STUDENT LEARNING

Our professional development programs empowered educators to enhance their curriculum and better engage students. By providing training to educators based on our proven approach to education at the flagship TGR Learning Lab, we are able to expand our reach to more students.

342

EDUCATORS

completed 2.6K hours of professional development through virtual and in-person workshops

85%

EDUCATORS

served teach full-time and 66% work at Title I schools

22

EDUCATORS

supported as national STEM ambassadors through [partnership with DoD STEM](#)

“

Through TGR Foundation’s training program and my year as a DoD STEM ambassador, I have been exposed to excellent opportunities for my students.

My route to lifelong learning has forever been changed as a result of my involvement with TGR Foundation.

”

PATTY BRUNET

2021-2022 DoD STEM Ambassador

WE ARE CHAMPIONS FOR YOUTH

Our dedicated team brings our mission to life every day as we work together toward our vision of a world where opportunity is universal and potential is limitless.

HIGHLIGHTS

- Our annual retreat united our team to reconnect with each other and recommit to our purpose at the TGR Learning Lab in Anaheim, CA.
- We welcomed 23 new champions to our team to support our mission.
- TGR Foundation was recognized as the [Small Scholarship Provider of the Year](#) by the National Scholarship Providers Association for our impact through the Earl Woods Scholar Program.

CHAMPION SPOTLIGHT

Through our partnerships, students gained access to opportunities to discover their passions and deepen their knowledge and skills. We are grateful for new and emerging partnerships that help us prepare students for their futures.

PROVIDENCE

Through Empowered Health with Providence, we will help students and families learn about career paths in the health industry, access wellness resources and care in a safe environment and receive health education opportunities.

“

At Providence, being a champion means being an advocate and being a supporter. We see ourselves as servants for those who need us the most. We’re here to lift up this entire community and to be champions with TGR Foundation.”

”

KENYA BECKMANN
Chief Philanthropy Officer, Providence

CHAMPIONS FOR IMPACT

Each year TGR Live creates unforgettable experiences to support youth impacted through TGR Foundation.

Guests experience the best in golf, music, hospitality and more in a premium setting at one of six annual events located in amazing travel destinations. From PGA TOUR tournaments to signature hospitality events, proceeds from TGR Live events support TGR Foundation's programs and mission to empower students to pursue their passions through education.

HIGHLIGHTS

In 2022 TGR Live hosted its full portfolio of fundraising events and added the TGR JR. Invitational, expanding access to golf for rising athletes while providing the experience of a lifetime.

Play like a champion at a TGR Live event to make a difference in the lives of youth.

CHAMPIONS FOR A BRIGHTER FUTURE

With the continued support of our community of champions, we will build on our impact and empower more students to learn, grow and thrive.

PROGRAM EXPANSION

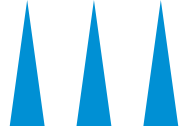

To help more students prepare for careers in STEM and beyond, we will pilot enhanced career readiness programming through our flagship TGR Learning Lab in Anaheim, CA during the 2023-2024 school year. TGR Foundation will provide students access to resources and experiences to help them discover their passions and deepen their knowledge toward an identified career pathway designed to help them build transferable skills and career success.

TGR LEARNING LAB EXPANSION

Through strategic community partnerships we will expand our impact with new TGR Learning Lab facilities in Los Angeles and Philadelphia. Both campuses will use the innovative STEM-based programming from the flagship Anaheim campus to empower more students from under-resourced communities.

TGR FOUNDATION
