

FOR IMMEDIATE RELEASE

TGR Foundation Announces RED: Celebrating Legacy – A Special Event Honoring 30 Years of Impact and Tiger Woods' 50th Birthday

EY US Named Presenting Partner for RED and TGR Foundation's 30th Anniversary Campaign

IRVINE, CA, January 7, 2026 — TGR Foundation, whose mission is to empower students to pursue their passions through education, today announced RED: Celebrating Legacy, an exclusive event taking place on January 14, 2026, at The Breakers Palm Beach. The evening will mark the official launch of TGR Foundation's 30th anniversary year while celebrating Tiger Woods' life, legacy and three decades of impact through the Foundation's mission.

Additionally, TGR Foundation announced that Ernst & Young LLP (EY US), a global professional services firm, will serve as the official presenting partner for RED: Celebrating Legacy and its 30th anniversary year-long campaign in 2026. EY US's involvement underscores a shared commitment to expanding access to education and creating opportunities for young people from under-resourced communities to thrive in their career and life.

Hosted by TGR Foundation, RED: Celebrating Legacy will bring together long-standing supporters, partners and friends of Tiger and his nonprofit. The evening will honor Tiger's 30-year career, celebrating his influence on the golf course and his philanthropic work. The event will highlight the transformative impact of TGR Foundation's mission to empower students through education while spotlighting Tiger's vision for reaching more young people.

"For 30 years, TGR Foundation has worked to create opportunities for young people who need it most," said Cyndi Court, CEO of TGR Foundation. "RED: Celebrating Legacy presented by EY is an opportunity to honor this journey while looking ahead to the impact we can continue to make together. I'm grateful to EY US for joining us in this milestone year and supporting our vision for expanding to serve more communities."

Founded in 1996 by Tiger and his parents Earl and Tida, TGR Foundation has focused its work on equipping young people with the skills, confidence and resources to thrive. Since opening the flagship TGR Learning Lab in Anaheim, California and establishing the Earl Woods Scholar Program in 2006, Tiger and the Foundation have emphasized education as the cornerstone of its programs, reaching more than 217,000 youth.

As TGR Foundation embarks on its 30th year celebration, Tiger's vision is to create safe, inspiring spaces that empower more young people from under-resourced communities through education. At its TGR Learning Labs, students receive opportunities, experiences and guidance that help them prepare for their futures. Through programs focused on STEAM educational enrichment, health and well-being and career and college readiness, students gain the knowledge, tools and confidence needed for school and life.

Proceeds from RED: Celebrating Legacy presented by EY will directly support the Foundation's next major chapter: expanding its TGR Learning Labs to new communities. This expansion will enable thousands of students from under-resourced communities each year to access immersive learning experiences that ignite curiosity, build essential skills and unlock each student's unlimited potential.

"At EY, we believe it is our responsibility to develop the next generation of leaders. Together with TGR Foundation, we are helping to create opportunities that provide access to education and mentorship that will ultimately build future leaders and will help strengthen our communities," said Julie Boland, EY US CEO and Americas Managing Partner.

TGR Foundation's celebration of 30 years of impact will continue throughout 2026, highlighting Tiger's philanthropic legacy, commemorating the Foundation's transformative impact and inviting supporters to join in creating more opportunities for young people to achieve their dreams.

###

About TGR Foundation

TGR Foundation is a leading education nonprofit founded in 1996 by Tiger Woods. With a commitment to providing opportunities that unlock the unlimited potential in the lives of young people from under-resourced communities, its mission is to empower students to pursue their passions through education. In 2026, TGR Foundation is celebrating 30 years of driving dreams together. Through its TGR Learning Labs and signature education programs focused on science, technology, engineering, arts and math (STEAM) educational enrichment, career and college readiness and health and well-being, TGR Foundation has served more than 217,000 students.
